

### Information Station–Truly Outstanding Friendly Service

“Excuse me, where can I find something tasty?” “Excuse me, what are the specialty products of this region?” If you have any question during your journey in Taiwan, come to the Information Station and you may be pleasantly surprised at their warm hospitality!

To help travelers with their journey, the Taiwan Tourism Bureau collaborates with various stores and service providers throughout Taiwan to establish the “Information Station” system that helps visitors in Taiwan.

You can spot an “Information Station” by its yellow, round “Information Station” sign with black letters. Other than maps and travel information, the station also has a Wi-Fi hotspot and QR codes that guide visitors to a variety of cloud-based travel services.

Travelers are able to experience “local characteristics” and “hospitality” by visiting any information station. The aim of establishing this information station system is to encourage visitors to come back so that they can continue to enjoy the beauty of Taiwan and the friendliness from the local people. Come on, don't be shy; everyone is invited to make inquiries at the “Information Station”!

#### Nantou County Ren'ai Township Farmers' Association – DGIYA BALE Pavilion

Established in 1914, the Nantou County Farmers' Association has been a pioneer in advancing and developing agriculture within the county. In 1977, the association expanded its reach by establishing the Nantou County Farmers' Association Food Processing Plant in the Nangang Industrial Zone.

To further enhance its offerings, the Nantou County Agricultural Tourism Service Center was opened in 2016. This center not only provides a comfortable shopping environment for agricultural products but also actively promotes agritourism and leisure activities, attracting numerous tourists and consumers to experience the unique local specialties.

The Nantou County Farmers' Association Food Processing Plant primarily produces tea, bitter tea oil, and green plums. To ensure the safety and hygiene of its food processing, the Association has implemented rigorous standardized operating procedures, promoting traceability and origin certification labels. Additionally, it has earned both HACCP and ISO22000 food safety certifications, offering consumers safe and high-quality agricultural products.

In recent years, to align with evolving shopping trends, the association has launched online shopping services, including the official website's shopping platform and the convenient “Sky Market” community on the LINE app. These services cater to a broader audience of consumers who appreciate Nantou County's agricultural specialties.
